Formed in 1999, the Friends of Peel Island Association (FoPIA) has been active in raising the awareness of Peel Island's cultural and natural heritage values.

We work closely with the Queensland Parks and Wildlife Service (QPWS) who manage the island helping conserve heritage buildings and provide access to the island for interpretive activities.

Types of activities we are involved with include:

- Overnight working bees on island for weed management and building conservation work
- Collecting oral histories
- Exhibitions & Seminars
- Guest speakers
- Heritage plants
- Artifacts
- Field trips

Recently found mandolin which probably belonged to a patient originally from Italy, who was at the lazaret in the 1920s/1930s.
